SKILLS SUMMARY

• Languages:	Java, C++, C, Python, JavaScript, HTML, CSS
• Frameworks:	React, Node.js, Express.js, Spring Boot, Socket.IO
• Databases:	MongoDB, MySQL, PostgreSQL
• Tools:	Git, GitHub, Docker, AWS, Selenium, Jira
• Fundamentals:	Data Structure and Algorithms, OOP, DBMS, Operating System, Computer Networks
• Soft Skills:	Leadership, Problem-Solving, Project Management, Adaptability

PROJECTS

DentWise – AI Dental Assistant | MERN Stack, JWT, Gemini API, Resend | [GITHUB](#) Mar' 26- Jun' 26

- Engineered an AI-powered dental assistant using the MERN stack to streamline patient interactions and appointment management.
- Integrated JWT authentication, email notifications using Resend, and Gemini-powered AI assistant to improve security and user experience.
- Architected a scalable admin dashboard and backend system for managing patients, appointments, and treatment records efficiently.

JobShield – AI Job Scam Detection Platform | MERN Stack, PostgreSQL, JWT | [GITHUB](#) Jan' 26 – Mar' 26

- Built a full-stack job scam detection platform using React, Node.js, Express.js, and PostgreSQL, enabling users to analyze job postings for potential fraud.
- Designed secure JWT-based authentication and built scalable REST APIs for user management, job analysis, and analytics with efficient PostgreSQL data handling.
- Established a rule-based risk analysis engine to identify suspicious job listings based on scam indicators, providing actionable insights through an interactive dashboard.

Chatify – Real-time chat application | MERN Stack, Socket.IO, Google OAuth | [GITHUB](#) May' 25 – Sept' 25

- Developed a real-time chat application enabling instant messaging between users through Socket.IO and responsive user interfaces.
- Implemented Google OAuth and email-based OTP verification to deliver secure authentication and account access.
- Optimized MongoDB data management and REST APIs to support real-time messaging and seamless user interactions.

TRAINING

Mastering Java for Application Development -LPU |[Certificate](#) Jun' 25 – Jul' 25

- Completed structured training that covered core Java fundamentals, object-oriented concepts, exception handling, file handling, collections, and multithreading.
- Built and debugged Java applications by applying object-oriented programming, collections, multithreading, exception handling, and file handling concepts.

CERTIFICATES

- | | |
|---|---------|
| • Oracle AI Database Certified Foundations Associate – ORACLE Certificate | Jul' 26 |
| • Java Advanced for Application Development – LPU Certificate | Jul' 25 |

ACHIEVEMENTS

- | | |
|---|---------|
| • Solved 250+ DSA problems on LeetCode and GeeksforGeeks, strengthening problem-solving and logical thinking skills. LPU | Aug' 25 |
| • Earned 5-star ratings in Java and SQL on Hacker Rank, demonstrating consistent practice and strong command over both languages. LPU | Oct' 24 |

EDUCATION

- | | |
|--|--|
| • Lovely Professional University
Bachelor of Technology - Computer Science and Engineering
CGPA: 7.61 | Jalandhar, Punjab
Aug' 2023 - Present |
| • Annada College
Intermediate – PCM
Percentage: 74 | Hazaribagh, Jharkhand
Apr' 21 – Mar' 23 |
